ABOUT ME

Full Stack Web Developer with 2.5+ years of experience building scalable fintech applications and dynamic web platforms. Strong expertise in frontend development, having designed and developed complete dashboard systems with a focus on performance and user experience. Hands-on experience in integrating payment gateways, money transfer systems, and third-party APIs such as IRCTC and travel services. Proficient in MERN stack, SQL server management, and end-to-end feature development.

EDUCATION

MASAI SCHOOL, BENGALURU | 2022 - 2023
